# SITEPRO SPORTY SAFETY EYEWEAR

Blocks 99.9% rays (UVA, UVB, and UVC). **Meets ANSI Z87.1+2010 safety standards** for impact and projectile protection.

## RIESLING STYLE

### SAFETY EYEWEAR, CUSTOM-FIT

The Riesling safety glasses are sleek and contemporary with comfort fit. Soft, pliable TPR material on the temple tips and nose pads keep the glasses in place.

- ▶ Adjustable saddle nose pads for a comfort-fit
- ▶ Lenses are available in non-polarized smoke and polarized smoke
- ▶ Lenses are made with polycarbonate to prevent scratching or fog up
- ▶ Tapered lenses eliminate refraction

## CANON STYLE

### SAFETY EYEWEAR, COMFORT 3-POINT FIT

The Canon safety glasses are designed to offer the best eye protection as well as a comfortable, stylish design. Soft, pliable TPR material on the temple tips and nose pads keep the glasses in place.

- ▶ Frames are conveniently lightweight with durable, comfortable straight temple design
- ▶ Lenses are available in non-polarized smoke and polarized smoke
- ▶ Lenses are made with polycarbonate to prevent scratching or fog up

## SHIRAZ STYLE

### SAFETY EYEWEAR, SPORT SEMI-RIMLESS

The Shiraz safety glasses feature a semi-rimless style that eliminates side shields to allow full use of your peripheral vision. Soft, pliable TPR material on the temple tips and nose pads keep the glasses in place.

- ▶ Adjustable saddle nose pads for a comfort-fit
- ▶ Lenses available in non-polarized/polarized smoke and non-polarized/polarize blue mirror
- ▶ Sporty curve-shaped lenses are made with polycarbonate to prevent scratching or fog up from below
